NH-5050 CE

The simple and compact NH-5050CE creates endless value through its cost-competitiveness and enhanced SSL performance.

Features

- **TCP/IP with SSL Support**

The **NH-5050** is designed to guarantee secure transactions with its built-in TCP/IP with SSL(Secure Socket Layer) feature for use while connected to the Internet. The new connectivity feature allows for a direct connection without having to add any additional boxes, adapters or converters, saving time, and added costs to the customer.

- **From 1,000 Notes Up To 6,000 Notes Capacity**

The **NH-5050** provides customers the ability to select a dispenser option based on the volume of transactions at the site. The choices vary in configurations from a 1 to 3 denomination Dispenser with a 1,000 or 2,000 note cassette option, offering greatest value and savings. The NH-5050 is the ideal solution for customers who are looking for the same look and design for multiple locations with various dispenser options.

- **Small Footprint**

Satisfying ADA standards, the **NH-5050** with its small footprint, is the best choice for retail locations.

*Create your true ATM values
Design your own portfolio*

Experience the **NH-5050CE** and prepare yourself for a totally new ATM.
